## PARTS ORDERING INFORMATION

### If you need service or parts for your unit:

If you require service assistance or if you wish to order any parts, contact your local authorized dealer.

The local dealer or service department will need to know the identification numbers of your unit to provide the most effective service. See below for information on how to identify and record the identification numbers for your unit.

### If you need engine service or parts:

For engine service or parts, contact your local authorized engine dealer. Look in the yellow pages of the phone book under "Engines—Gasoline" for the name of the nearest authorized engine dealer. An authorized engine dealer can handle all parts, repairs, and warranty service concerning the engine.

#### NOTE:

Because certain parts are supplied to us by more than one manufacturer, some replacement parts may vary slightly in shape, color, or texture from the original parts.

Be assured that all Bolens® replacement parts conform to our rigid quality specifications. Slight variations will not affect fit or the performance of these parts on your unit.

When ordering parts for your unit, provide the following:

1. Serial number and model number of the unit.
2. Part number of part needed
3. Part description.
4. Quantity needed

#### CAUTION

We urge using only genuine Bolens® replacement parts, which meet all of the latest requirements. Replacement parts manufactured by others could present safety hazards, even though they may fit on this unit.

---

#### IMPORTANT:

Left and right sides of the unit are determined by standing behind the unit, in the operator's position, and facing the direction of forward travel.

#### NOTICE:

Bolens® reserves the right to change specifications, add improvements or discontinue the manufacture of any of its equipment without notice or obligation to purchasers of its equipment.

---

## IDENTIFICATION NUMBERS

### Record your unit's serial number and model number.

Refer to the unit's serial number/model number decal to find the unit's serial number and model number. When ordering any parts from us or the local servicing dealer, provide the information on this decal. For your convenience and ready reference, record this information in the spaces provided below.

Unit's Model Number: \_\_\_\_\_

Unit's Serial Number: \_\_\_\_\_

Date of Delivery: \_\_\_\_\_

### Record the engine identification numbers.

To obtain engine parts, provide the local authorized engine dealer with the engine identification numbers. Refer to the engine owner's manual for the location of these numbers. Record these numbers in the spaces below.

Engine Manufacturer: \_\_\_\_\_

Engine Horsepower Rating: \_\_\_\_\_

Engine Identification Numbers: \_\_\_\_\_
